

SMP Crash

Posted by Creeper155 - 05 Aug 2011 02:50

Hmmmm...Shadez told me to post this report because...I kinda crashed the SMP with some tnt....So uhh...Yeah....

...

How much tnt did you use?

Enough to kill the planet, or 2 🤔

God. that must have been ALOT'A TNT

I can connect to the creative server but i cant connect to the survival ...

Somoene got a suggestion to fix this?

well cant connect to the survival server.

Connection lost.

End of stream.

But ill keep on trying. 😊
