I'm sure that you guys tried to Enchant but the table shows annoying marks...

I will show you how to replace those marks with latters 🐸

1.Download this .png file!

[www.filedude.com/download/ERnsyxsm3h1118a0b7fe](http://www.filedude.com/download/ERnsyxsm3h1118a0b7fe)

2.Go to C:UsersYOURUSERAppDataRoaming.minecraftFont

3.Replace the file C:UsersYOURUSERAppDataRoaming.minecraftFontalternate.png with the file you have downloaded

4.Give Froggy all your life savings or just enjoy the annoying marks free enchanting table(Personaly i like the first one but you can go with the second one only 🐸)
