

End of stream/ Dutch Moderator.

Posted by martinez1197 - 27 Dec 2011 12:57

Hi Tunes/Mods of TWK

Every now and then the server gives the End of Stream error, this happens around 13:49 +1 GMT.

Is it possible to fix this error , I think its annoying and I'm sure other people think the same about this. 😊

Now my second question.

Since we have allot of Dutch players in our community it would be nice to have a Dutch Moderator too.

These are all the Dutch players:

Mirox25 🇧🇪

Tymen123 🇳🇱

Deurknophuis 🇳🇱

Mixman202 🇳🇱

Shadez22 🇳🇱

Heblol 🇳🇱

Martinez1197 🇳🇱

So is it possible to promote one of the Dutch players to moderator overtime?

Thanks Martinez1197 😊

Most of the time when we play there is no Moderator online.

And it is easier to contact a moderator in Dutch (for most of us)

then a English moderator.

contacting an english moderator shouldnt be so difficult.

according to your statement, we should have moderator in all languages.

It would be easier for me to have a german moderator, but i dont care.

In my opinion this is no reason for being a new moderator

I think the thing that stands out to me is; that when a moderator is needed there isn't one online. I think that means that we do need more moderators but the problem is we don't know many of the people who play on the minecraft server because all thy do is come on the website, sign up and thats that 😊 If some of the people stayed and got to know some1 of us etc then I'm sure we wouldn't have a problem with a lack of moderators etc
