

End of stream/ Dutch Moderator.

Posted by martinez1197 - 27 Dec 2011 12:57

Hi Tunes/Mods of TWK

Every now and then the server gives the End of Stream error, this happens around 13:49 +1 GMT.

Is it possible to fix this error , I think its annoying and I'm sure other people think the same about this. 😊

Now my second question.

Since we have allot of Dutch players in our community it would be nice to have a Dutch Moderator too.

These are all the Dutch players:

Mirox25 🇧🇪

Tymen123 🇳🇱

Deurknophuis ⭐

Mixman202 🇳🇱

Shadez22 🇳🇱

Heblol 💰

Martinez1197 🇳🇱

So is it possible to promote one of the Dutch players to moderator overtime?

Thanks Martinez1197 😊

2 active mods atm, frogs addicted to gmod, an space is somewhere
dont blame them games get boring, bored with wcs atm

Dont forget terraira 🤔

Hmm, well there was some speak of a TF2 Server a while back (quite a long time ago) but yeah.. that would be a good idea.. although I don't like the fact it became free I still think its a good idea 🤔

You are not just playing it you're addicted 😬

Also a terraria server would be awesome! 😬

it's quite easy to get a good moderator, just look how often he is online, if he's trustable ext.

also he has got to speak english well.

plus there should be a moderator which won't abuse his powers, i've seen some moderators abusing their powers and it just ruins the fun (for me).

well i hope some moderators will be demoted and a few (potential moderators) will be Promoted.

terraria sucks! tf2 ftw! 😬

an mirox, power is abusive 😬
I don't think there has been 1 mod or tunes who hasn't had some fun now and then 😬
an who to be demoted so?!

Maybe a tf2 server wouldn't come bad at this time, even if full of free noobs, if only one comes into the community, it's a victory! 😬

And yes, being a mod sometimes leads people to abuse its power, however I don't give THAT much power to mods.

There is no one to be demoted atm, and maybe one or two might get promoted.

I think the ban command has much power as if someone wants to get kicked out of the community why not ban every one so you should choose mods carefully, though this wont happend 🤔

🤔

Edit: This is incase the person is comepletely retarded, probably will not happend 🤔

Gimp I havent abused my powers (yet) and also who do u think would be promoted and who demoted mirox?

Also imma noob so is Terraria free or cost money :p
