Okay, you didn't really explain anything there...

Okay, what happened:

1. Creeper realised you had a sign with his coordinates on it...
 2. Creeper told his faction.
 3. Max and Creeper raided "Town" and killed all its members
 4. ScrubNubs claimed some of the land and destroyed the sign with the coordinates on it.
 5. ScrubNubs and "Town"'s members had a row.
 6. Everyone got angry and are raging at Creeper (Yet again o.O)
 7. I was unsure on what to do so I just tried to calm everyone down. (im not sure if any punishments were needed or were necessary (as creeper had already been warned))
