I dont really understand why everyone is so mad about griefing :S They play on a multiplayer server and pvp happens on servers. And if there was no pvp/griefing everyone would have been stuck in their mines doing nothing... So why doesnt you guys just get used to it and not rage so badly about it... 🤔

Been banned for griefing once, at wcs,

so i wouldn't call it fair if these people wouldn't get a sanction? 😏
