

## Max and creeper1555 perm banned

Posted by Tunes - 28 Feb 2012 02:09

For what matters, maxmmekker and creeper1555 are permanently and forever banned of our server, no rolling back.

This is just cause what they did to chifily's place, it's completely unacceptable.

So, this said, if anyone unbans them, I will perm ban who do it.

I know for a fact that I've said you've caused people to leave, and I doubt Froggy said that you caused no-one to leave. And Johannicus, it's not over nothing

Haven't told him he doesn't make people leave, i didn't tell him anything about that subject at all 😊

Right perhaps we should stop arguing about this now, what's done is done, tunes has said what needs to be said and has done what needed to be done so lets end it there
