Could u please bring back the knife classes? 🙄  
So sad, they're bringing so much fun

i know, they've been privatet for not following rules, but u could punish these, who dont follow 🙄

The main reason (that I'm aware of) that they are set to private is because the weapon restrictions are broken, so knife races could use any gun they liked, thus becoming stupidly overpowered, and since the server can't be monitored 24/7, it's difficult to enforce the rules

Yeah i didn't think there was any other reason then that for the knife races to be private 🙄
