Steam Name: (the name you use on servers)

Steam ID: your steam ID (can be found by typing status on console)

Reasons for joining: (brief explanation on why you want to join us)

Servers where you play: (Self explanatory)

Hello everyone, MysticSnoopy here. Recently I was invited to your Minecraft server by a friend-bombzone21. So far I'm really enjoying the faction theme. I'm planning on becoming a member of this great server soon. One of the reasons I'd like to join is because of the friendly players. They gave me a warm welcome to the server and continue to give me helpful tips. Another reason is, I've been looking around for a good PVP/factions based server. I've found a few, but none were up to my expectations. That is why I've decided to join your Minecraft server. Thanks for reviewing this.

Hello and welcome to our community forums!

I agree with Froggy and this is one of the best request we had in 2 years for the mc server 🤔

I've sorted your rights to regular and you can enjoy everything our server has.

I want to join because its a awesome server and I really like the people on it. They are welcoming and help you out when you need help. I have played on many servers with factions but this one has factions that consist of friendly people.
