The hunger games server event.

Posted by FrogyFace - 23 Jun 2012 21:00

_____

As in for now the date will be 10/7/2012 around 20:30(England time).

Intro

At the date [read bellow] we will start a one time event in minecraft. the game is called "Hunger games".

We're trying to get all TWK folks online that day also the the minecraft players!

What are the hunger games?

The hunger games is a survival game that you cannot break blocks or anything in and there can be only one survivor, you can gather items from hidden treasures, towers, houses, mines and so.

After the 10th night the mods and admins may start spawning mobs but in a fair way.

So how do you play?

Everyone start in the middle of the massive natural arena with nothing though there will be chests at the spawn area. The idea of the game is to be the last one standing by killing all of your opponents using supplies gathered around the arena from treasure, buildings, mines etc.

Be aware that there are traps all around the arena and some will put you out of the game for good.

Rules

-You can't break or place blocks(You can't)

-Do as your told and dont argue with the admins when told to be quiet or anything(You get jailed)

-Do not use any items that are not gathered during the event(You can't)

-You may not teleport at all(You will be jailed)

-You can play with other players in a team though remember that only one can survive

-All other basic rules that are noted in the spawn do occur

Rewards!

-You will get a spical rank just for you "Survivor" that will include some extra fun commands with it (Fun commands that do not effect gameplay at all)

-You will get 5 rewards from the event reward select list at the spawn point

-The right to brag about you winning 😇

-Have a cookie and a cake

Super important please reaad!

To make this event go well we must ask for your help so please work with us here:

1.Make a comment in this topic about your favorite date and time this event should occur

2.Do show up, we want to make a trailer for out server and footage to youtube so please be there.

3.If you are willing to record from first person please tell frogyface as he will not play but inspect everyone(Deaths, secret inventory checks, jailing 😇
) and record to use some footage

Date and time

For the event to start we need help setting up the wanted date and time for the event:

1. Vote in the poll above about your favorite time to start the event

2. Make a comment with a date you can show up and tell if there's a date you won't be able to show up as we want **everyone** to show up

Youtube

We will upload footage to youtube to advertise the server and we request you our lovely community to record if you'd like and give frogyface a copy of the footage so he can create a trailer for the server!

Screen shots!

Spawn(28 spots):
