I'm intrigued - why is he not asking himself?

It cant be that important to him, nor does it show respect that he isnt bothering to post and explain himself ...

Unbans requests are mandatory to be made by, guess what, the banned player.

i don't think he realized you could post on here asking to be unbanned so he asked me to try and get him unbanned. i don't even know why he is banned. but i will tell him that he has to do this himself

In all seriousness, it shows a lack of will to be unbanned if you get someone else to do your dirty work.
And it's not that hard to do it yourself.
