

WANTED DEAD OR ALIVE!

Posted by Johannicus - 28 May 2013 16:30

Since its a pvp server and raiding is allowed I'll give the raider or raiders a fair chance before I break all hell lose. Who ever raided my place have a chance to return my stuff now. I joined this server again because I have been part of this community for several years and missed some ppl. If you want to raid each other thats fine but stay out of my territory. I just want to build in peace. 🍌

The stuff I want back are:

5 slimes

1 ghaſt tear

5 Blaze rods

4 ſtacks of Iron ore

2 Stacks of Iron

2 ſtacks of gold

and my diamond pickaxe

If this is returned to me before the end of the week Ill forget it happend. If you return all my ſtuff I'll forgive it aſwell. 🍌
