

The Mighty Overlord!

Posted by iMattR - 30 Sep 2012 23:34

Hey, people! Me and Chif weren't feeling to... pleased with the spawn as it was, and so we've (meaning I've made a few small, aesthetic modifications) and both me and Chif have made quite a large change. The fountain wasn't as nice as we'd like it to be, and with limited room to build a new one and sizing differences, we decided we'd go for something else. We know you're gonna love it. 🙄

It's... It's... It's beautiful 🙄
: But now my OCD senses are kicking in as I see it isn't centre-able in the circle 🙄
: Anyways, great statue

Not centred.. must.. DESTROY! And the funniest reaction we had when Chif pasted it in last night (whilst being harrassed by people saying "NOOOO DNT GET RID OF DEBB FOUNTIN" 🤔)
) Was by a girl called pixie_pixie (or something similar) and she just went "big penguin"..

I could not stop laughing.
