

Minecraft update to 1.7

Posted by Tunes - 30 Jun 2011 16:24

Well, just noticed minecraft has been updated to 1.7, will take care of it late night today asap, atm I'm quite busy with work and family.

Don't worry folks!

Is it possible to see the light of that survival server now?

Wow, the new stuff looks great..

+ Added pistons (not sure how to use them but I'm sure it'll be cool)

+ Fences can be stacked (great for building)

+ Shears can be used to pick up leaf blocks (nice idea)

* Sheep no longer drop wool from being punched (pretty bad but still.)

Just equip the shears before you punch it and you get the wool..

Minecraft server 1.7 is up and updated! 😊

Only missing the fly mod on the client, but I'll hope it will be soon.
