

Lieutenant Vengeance.....

Posted by S2K Spike - 08 Sep 2011 22:15

This guy (Lieutenant Vengeance) has been masquerading as an Admin on the GG DM server, he is giving lip to everyone, telling them no camping or he will kick and ban them even though no one was camping (and the fact the server runs anti-camp)

Here is his Steam ID..... STEAM_0:0:40852621

Sour grapes methinks, coz he was getting his ass kicked, anyway next time ya see him slap him about a bit!

Cheers, Spike.
