

mcMMO DMG multiplier

Posted by MrBombe7 - 30 Aug 2013 11:49

After I came back to the server the mcMMO DMG multiplier just wont work or are bugged.

The ones not working or bugging are:

- Berserk doesn't add 50% DMG any more
- Axes skill's Critical hit(2x DMG) and great Impact(1.25x) won't add DMG
- Archery DMG-Bonus(+0.2%*lvl) sometimes doesn't work

I am searching for more, and if I can find any I will post them.

I'm using a dev version, so it may have something to do with it... I'll look into their forums for the problem.
