

Sign shops

Posted by MrBombe7 - 11 Sep 2013 10:23

I was messing around with the trade signs, now i cannot break them -_-.

Also i would like to request a warp for the Skyblock shop I want to build atm, if it is possible.

Well, I've added the break permission to the signs, now what I don't know, is if you can break others signs.

About warps. I would let everyone use warps and that's not a good idea, as admins use them for several "other" stuff 🤔
