I logged onto the server (after about a year of inactivity) and i am in my base (which was claimed over by AXEPVP 🤔  
I had no problem with this) i saw Wyatt and Gracie walk in, so i talked to them to join their faction. we then went in and BY HAND broke the doors and chests to get the stuff. Jackenglish, and Ilross logged on and he started screaming at me, Gracie, and Wyatt, telling us to "go die in a hole", and a bunch of other EXTREMELY rude things, over and over.

And PS i am going to be more active again 🤔

Unfortunately, There is nothing we personally can do without evidence, Screenshots would be preferred.

Yes, I understand you can't get a screenshot of a past event but just for future reference.

A week ban should be enough to cool down.

And welcome back paradigms!

Server will be updated during the day, busy atm...

Actually that log was from the time wyatt and me were talking to them, then trolling because they grieved.

so i guess there is more of their raging, lol.

A week ban for him will be nice. WE wont have to listen to that crap no more. 🙄  
And i think hes going to get a longer ban for grieving your house Rifting.
