Unarmed bug?
Posted by Minecraftwyatt01 - 26 Sep 2013 23:41

_____

When i was training my unarmed skills, i realized they had not gone up in a long time. So I did /unarmed to see my remaining xp till i reached the next level. I had something like 1285 xp remaining to go. Then i punched about 10-15 zombies and checked again. It was the same which told me that it was not working. And also when you punch them and kill them they don't give you enchanting xp. So i was wondering if this could be fixed. Thank you 😊
