Good luck with that 😊
You gotta be active, well known and trusted to be made a mod 😊

Well, substick got ahead of me, yep, thats right, the mods you see on the mc server, are well known and active TWKGaming members, like posting stuff in the forums, helping with servers and most are already active in out Counter Strike servers.

Sooo... its a no go.

Wowowow, aren't we bring a little hasty here? The guys posted twice. TWICE! That's like... TWICE!

And his use of grammar and punctuation is astounding.
