

New faction commands!

Posted by Tunes - 14 Aug 2012 16:49

Well, I've added a new plugins called factions plus, all the command below are only available to TWK-R and up members.

`/f warp [name]` Warps to the Faction warp!

`/f createwarp [name]` Creates a Faction warp, these can only be created in faction land

`/f deletewarp [name]` Removes a Faction warp, these can only be created in faction land

`/f removewarp [name]` Alias of deletewarp

`/f listwarps` Lists warps associated with your faction

`/f setjail` Sets the jail location, this can only be set in faction land

`/f jail [name]` Sends a player to jail!

`/f unjail [name]` Removes a player from jail!

`/f announce [message]` Broadcast a message to everyone in the Faction!

`/f ban [player]` Bans a player from joining a Faction

`/f unban [player]` Removes a Faction ban on a player

Have fun!
