

Hey all

Well, it looks like I'm going to join the 2nd team of this clan, so I have to say hey to the people in this clan 😊

I already know most people in this clan, and have probably half of the members on my friendlist, but that doesn't matter 😊

And just for the record, Snowy is easier to understand than Gazza 😊

raging and unleashing my man roar to scare the opposition are 2 different things.
