

Mr.Moo Application

Posted by Mr.Moo - 14 Mar 2011 18:03

Steam Name: Mr.Moo

Steam ID: STEAM_0:1:11204528

Reasons for joining: Been playing on the TWK servers for a while now, love the people who come on, love the laughs and would like to be a part of that, I get on with pretty much all the TWK guys and players, love a giggle when I'm on but I also like to make sure the rules are being maintained and people aren't being "mingebags" on the TWK servers.

Servers where you play: Mainly the CS:S Warcraft Source server, but ill be branching out into other CS:Source servers too.

Hope you accept the application, cheers for reading.
