Sup guys,

was in such a rush last night that i totally forgot to introduce myself to all of u.

So, I got to catch up a bit...

My nick is Boblike, I'm from germany, 19 years old and hope to become a part of this awesome community 🤔

Besides CS:S, I'll play League of Legends, Minecraft and Guildwars (rest in piece 🤔)

My favourite hobby is kickin' Moo's butt at the wc server and havin' a good time with my rl- and ingame friends aswell.

I'm almost done with school, which means that there will be hopefully even more time for some CS:S.

Well, when I think about it.... I guess it's about time to kick some butts there (Moo, wanna join 🤔)

To hurry up, thats it for the moment.

If u guys got some questions about me, feel free to ask!

Thx for readin'

Boblike 🤔
