Okay, my friend has set up a server on Minecraft and has invited me to join him on a Minecraft Adventure Survival series.. we just need some decent viewers that would be happy to help us get views 🙄

First of all it's really nice and i wish you good luck but you do need to ask your self one question
"Why would people watch my series and not anyone elses?"

There are many series out there and if you ask me to get more views make yours more unique so people wont get to see the same thing over and over again in each series.

Good luck with the series! 🙄

Haha, yeah.. I was telling my friend the exact same thing, the survival series was his idea and he's doing all the editing and such, I'm just staring in the videos as the sexy speedo guy.
