

A request for rights!

Posted by kaustik021 - 01 Jul 2012 18:20

Hello,

I'm kaustik021 ig. I've been playing on the tkw server for the past two days and am enjoying it. Within the first hour of playing I was PKed, no complaints, just fun! So if anyone gets the chance I'd appreciate it!

Thanks

Wrong place for this, but I think you'd be let off for a good request 🙄

You know, I thought I had left it in the request area for MC. That's what I get for not checking it again. Should I request it be moved or deleted and redo in the correct area?

No, it should be fine 😊

You'll have your rights sorted when Tunes, FroggyFace or Gimp sees this 😊
