Well, I've got to say..

That was probably the best app we've ever had from the MineCraft server, most are just "Hey, give me rights please" but with less grammar 🤔

So I'm gonna say.. a jolly welcome to you.

And judging from the:

I can't really express it but telling you that I'd like people to express more about them

I guess you mean that you'd like to know more about people.. so instead of re-writing a huge paragraph, I'll just link you to my application that was made almost 2 years ago 🤔

P.S I've regged you & (Don't reply to those topics that I linked, they died long ago 🤔)
) Also, I don't believe that picture is you.. because I know who that picture is 🤔
