Hey everyone,

I've been doing nothin with twk etc the last months, but I tried to keep looking up the forum sometimes!

I was wondering if twk will start any projects or something, like a server on CS:GO or something :p

Let me know, because I had great times in this community

Well, we only currently have a WCS Server on CS:S, it should be up and running in a few weeks, if it goes successfully and we get alot of traffic and possibly donators, we will most likely expand to multiple servers or other games. 🙄

So, fingers crossed.

Chiffily,

yeah I've been talking to you (Deagle)

IT's good to hear it'll be running in a couple of weeks!

And I'd be glad if I could be able to donate!

Is donating by phone possible? that would make things much easier for me and others probably 2 🙄

Currently in progress, and coming along nicely. It will still take some time but it seems quite promising ^^
