

TWK

Posted by masteraviv13 - 09 Feb 2013 19:51

Hey everyone,

I've been doing nothin with twk etc the last months, but I tried to keep looking up the forum sometimes!

I was wondering if twk will start any projects or something, like a server on CS:GO or something :p

Let me know, because I had great times in this community

Yeah... good luck with that.

Don't need luck mate, I just somehow need to gain a better aim and some pro skills and I'll be top in no time 😊

Btw,

In a 2 weeks or so,

My WCS / Zombie Mod will be running 😊
