

Frosteh HACKZZZZ!!!!!!!!!!!!!!

Posted by VoGon - 14 Nov 2008 09:57

I would like to make public I have found out that Frosteh Hacks.

He is indeed the best hacker I have seen, taking the Caption Competition with his undetected haxes. I have reason to believe he got them from www.getsomehax.com

It is not humanly possible (however that is spelled lol) to make up so many great captions.

I think he got one of their latest products, Caption Contest Hacking Machine v1.2 beta.

I thought I should warn all to this facts.

:laugh: :laugh: :laugh: :laugh: :laugh:
