

## Big Updates!

Posted by VoGon - 07 Oct 2010 15:32

---

OK,

During this weekend I will be updating a lot of stuff.

Sourcemod installation on all servers (to make it consistent through them all).

Sourcebans

HlstatsX

And something else that may come up.

Please expect some downtime on some server or website.

Cheers

=====

You may want to add this to a news post on the main site 😊
