OK,

I have added radio to the servers.

You just need to type !radioon or !radiooff to guess what, turn on or off the radio (duh!)

Its shoutcast radio so for all likings.

you can listen to it too in web browser by going [www.twkgaming.com/TWKRadio:3vfggbk2](http://www.twkgaming.com/TWKRadio:3vfggbk2)
