

Ded3 is post Whoring

Posted by VooDoo - 24 Apr 2011 23:43

Every single thread I click on I see at least 2 comments from Ded3 and most of them are completely useless and is a post, and then the next one is him adding to his pointless post, so I think he is just post spamming to get his post count up, and a few people have told me that its kinda irritating them, not going to mention names..

just wanted to let people know..

Thanks

I agree this is a forum and you should have freedom to post as you please (aslong you respect the rules) I do post allot to. But I agree with VooDoo not to be on Ded3 his ass but he spams, he posts after his own post (elloo edit), posts same stuff in diffrend topics and ffs the things he should post he puts in the shoutbox 🤔

He doesn't have - 7 or whatever karma for no reason.

I have a real life and it even bugs me but nothing to do about it. His choice to be like that and getting unliked by many.

Ded3 got nothing against you but this is my opninion bro.

Holy shit on that movie/song is that even for real. WTF seriously 🤔
I expected more from you mentoz your probably there one and only fan! 🤔
