E3 is starting in exactly 1 hour time (5:30pm English time)

e3.gamespot.com/press-conference/microsoft-e3/

Also,

News has been leaked (stupidly) that there WILL be a halo 4, and POSSIBLY a half life 3 !!

Halo: Anniversary is being released (a complete remaster of Halo 1)

Halo: 4 is being released "holiday: 2012"

Tomb Raider Origins (all new graphics!)

Gears of war 3 - Autumn this year

Modern Warfare 3 (Sledgehammer games + Infinity ward, being released this year)

Kinect (Finger tracking: 3D drawings)

Kinect (Object scanning: scan a pillow or a toy into kinect and it makes it a digital "monster" and/or uploads a 3D moving object to your xbox)

Kinect: FPS RealTime (Fire bullets, aim, reload, switch weapons with nothing but hand and arm gestures)

LIVE TV coming to Xbox 360

YouTube coming to Xbox 360

Bing search coming to xbox 360 (making searching for games, movies etc more easier)

That's just SOME of what' being released.
