Hi guys!

Just thought I would start this one off... Helping the new guy get to know ya'll a bit better.

So I was just a wondering where all you fellow gamers live, what county/country do you guys rest your sleepy heads in?

For all who do not know, I live in Nottingham UK.

Scathe 🍷

Who knows... if you live close enough I might even buy you a beer! 🍷
(providing your old enough)
