Hello,

Im If the person that gave me karma - today, i had 30 before and jumped to 29! Now substick made it back 30 😊  
👉 you are that person, pls hand yourself in or all lvl's on wcs will be resetted! 🐱

If you know the person who did it and got proof for it, i give you 5 lvl's :p

All I can see is a bunch of karma whores 🙄

When I'm about to lower someones karma, I tend to just ban them and problem solved, so I only give karma.

Soooooooo, if someone's karma goes down, I don't care and it wasn't me either.

Wasn't me neither but got an urge to do it now 🤔

Anyhow I think you set this thing up so you would get more + karma 🤔  
When you did! I'm on to you.

I mean you make post for -1 karma. How should ded3 (or whatever his name was) feel 🤔

I think he broke some records 🤔
