Hey, got a quick question about the donation. How long does it take before i get the races/skins to my account?

Also i wasn't really sure about the steam ID thingie, when i put in my Steam ID i put in:

Okay I'll check in a few minutes, by the way i hope you didn't use the Steam ID from this topic. I changed a few numbers so people didn't see my ID 😊

Just so you know malooz, anyone and everyone has access to your Steam ID (status in console) with it, they can't do anything mate.

Steam ID isn't even used for reclamation of a Steam Account it's literally just an ID number for that account so don't worry too much ^^
