

Read.. Need some ideas

Posted by Penguin - 09 Sep 2011 21:39

I'm going to be making a map for the Warcraft server just need some ideas of the layout, I've only ever made jail maps 🙄

Looks good atm 🙄
So not long till we play it! 🙄
lol

penguin,

i made the expirience to create races,

but never tried a map yet 🙄

maybe you can learn me it from time to time :d :d

We don't love ak maps!!!!

i retract my statement 🙄
, Wooodo's being the obvious exception due to the bangin tunes 🙄

Bangin what?!?!

if you get errors again, just send me your compile log and i'll have a look for you.

EDIT react here by the way, no idea why im still on Amy's profile.. lol
