I'd like to know which of the genre's you'd prefer to see within TWK.

Please vote honestly, and give your reasons why you'd like to see this genre.

Mine is surf 😊

Prison break servers are extremely hard to populate and considering the fact that we struggle to populate our current servers I probs wouldn't bother putting one up till we have a lot of players who play on our servers. Deathrun servers are hard to populate as well and 😞 I don't like classic source servers. Especially since the update just changed all the weapons records. Best bet is a minigame server since they are very popular and tend to be a bit easier to populate; Plus there are loads of good maps for minigame servers. Zombie servers are also a good choice because people enjoy them 😊 so you might wanna keep that in mind.

yea agree that jail servers are hard to populate, also require like 24/7 admins coz alot of new people dont know the rules n jst pwn all the terrorists in their cells. still my fav from the options but not worth the hassle 🙄

I will say minigame. I love minigame servers (and recently started playing i3D's minigame server) and they are relatively easy to populate, but still slightly difficult. Probably the easiest from the list. Would love TWK to have a minigame server

I voted Mini-game... Mini-games are SO fun and there's so much variety, It can be for anyone, also I would like to say, if I could have 2 votes I would have gone for Jail break, jailbreak is entertaining but requires 24/7 admin attention..

Yep, voted minigames, when I was around the CS:S scene, most prison server I found were french... and the game is weird, but most know me, anything more than pew pew pew BOUM HEADSHOT on CS:S is too much for me, and TDGG is what keeps my pace.

I voted minigame server, as a decent minigame server always seems to be rammed with players.

Second choice would be classic source, would love that to be a populated server again....
