I'd like to know which of the genre's you'd prefer to see within TWK.

Please vote honestly, and give your reasons why you'd like to see this genre.

Alright, so in the next couple of weeks, I'll replace our SurfDM server with a brand new TWK-Minigame server.

I dunno what's happened to our SkillSur server as I was going to replace with that with classic source. Is it still live or are we just paying for the 3 servers now?

We also need the addon called 'hop' which allows players to type !hop and literally hop onto one of our other servers through an in-game menu.

-skill surf is just down i guess

- on de_dust2 24/7 server there is the !server command to change to wcs server :p

- I think dust2 is classic server and we better change the down skill surf to a Deathmatch server (instant respawn thingy)

Right, so the SurfDM will be changed to a minigames server (i'll include Deathrun maps as alot of players like deathrun)

The SkilLSurf will be changed to a deathmatch classic,however it will need admins on most of the time as hackers love deathmatch servers for testing. Maps will classic only.

As for the !server tool, we need that implemented onto everyserver with a announcement via the advertisements.smx file something like "To switch to another TWK server type !server" or something.

So in conclusion to this:

- 1) SurfDM will be Minigame/Deathrun.
- 2) SkilLSurf with me ClassicSource: Deathmatch.

All agree?

Oh and keep this quiet from regular players please. I don't want this leaking to our community just yet.

Imo - If it's 3 servers,

it should be WCS, Deathmatch, and Minigame. 😊

But I ask, what kind of minigame(s)?
