

Goodbye for a while

Posted by Chifilly - 23 Sep 2011 15:48

Okay guys, tomorrow I will be moving to Southampton for university, and unsure when we can get internet sorted, so I will be away for an unknown amount of time, so just a heads up for my inactivity 😊

You all will be missed, but i'll be back to haunt you 😊

And thank you Gimpstick. I'm studying Computer Games Development 😊

And buhbye Hunter 😊
I'll be back to lol at your failings soon enough ;P

Well, you do have some funny failings Hunter, but you don't fail that much 😊

And Halo 6 and the next Notch sound good, but that will be a long time yet 😊
and I might be able to get freebies going if I get that good, but programmers don't get much spotlight (which is frustrating) so I might not get that big. I'm hoping to be an Indie Developer though 😊
