

## Request for TeamSpeak :D

Posted by VooDoo - 16 Feb 2012 00:11

---

Okay, well I've been talking to tunes, and we thought it could be a good idea opening the Team Speak server to TWK users and not just the TWK members.. doing this MAY bring a much more friendly society to the Minecraft server and perhaps TWK in general, and YES I do realise that a lot of the MineCraft community are kids.. BUT almost every time I've been on the Team Speak server there has been at least 2-3 Team Speak Server administrators on-line so I think it will be easily maintained.

Also, we can have locked rooms to make sure that Admins and the Members have their own privacy.

tl;dr: What are your thoughts on advertising the Team Speak details to all of TWK's community.

Thanks

--VooDoo--

/not convinced

The childish trolling and bad behaviour will just spill over and breed plus there it will put pressure on the number of ts slots which will push twk members out. I know ds and I arent as involved with servers and ts as we used to, but the majority of the kids now playing have no idea of the cost of these things

So far we haven't had a problem with the number of teamspeak slots, I could see it being a problem sine it is more money for more slots but that will have to come in the future, the most users we ever really have on is like 11 or something. The trolling and bad behaviour can be easily sorted since pretty much all twk members are server admins 😊

Well, of things get out of hand, I can setup another TS with a crapload of slots 😊  
No worries and zero costs
