Thanks for this, next time even if someone isn't there to ban him can you upload the demo to our sourcebans page?

www.twkgaming.com/sbans" onclick=">window.open(this.href);return false;

click on submit a ban on top and you will have an option to upload it.

Thx 😊

My bad I told him that I'd do that once he linked me it (didnt know if he had bans access)

Everyone has access to "submit a ban".

And you're a noob Blackie... 🤡
