

He's dead... Finally :D

Posted by VoGon - 23 Feb 2010 22:27

Well it was goof while it lasted, but ie6funeral.com/:330t9pjpg...

Cant say I'm going to miss him... 🙄

Any version of that ridiculous piece of code (sorry, I mean shaite) should be burried for good and only allowed in M\$ corporate enviroments... geeez... it suckz

Maybe Mosaic shouldn't had been born... then the internet was a no go... or at least sold do m\$

BTW, don't know who bought who, but amazon and M\$ are banging each others arse...
