Well m8s, i've something to tell you.. 😬

i've increased in weight, to be precise:

😬ince i'm in a relationship ( 2 years) , i've increased circa 8-9 kilo. 😬

sooo i decided to spend my time in workouts instead of being in front of my computer. 😬

i'm sorry but i have to slim down 😬

i will be less active, especially in css, but you can always message me!
