A new film coming out sometime in 2013 is being filmed just round the corner from my house in a local pub 🍷

Film is called "Spike Island";

Its about the stone roses, staring, newt from holly-oaks, Carl from shameless and a few others 🍷

it is also directed by the director of the tv show "Misfits";

I've watched some of the filming.. it's pretty interesting 🍷

"May sound pretty evil but couldn't help noticing that the camera angle makes it look like his hoodie says "aids" on it."
