

Transport a whale thru city?

Posted by liger - 09 Aug 2009 02:28

what could go wrong?

www.truckspills.com/whale_spill.html onclick="window.open(this.href);return false;

Tsau Natural Preserve. It took 13 hours, three cranes and 50 workers to get the whale loaded on the truck. Unfortunately, on the way through the city, gasses built up to a critical level in the whale
