

The worlds strongest kiddo

This little guy is 5 years old, and he is crazy strong. Poor boy tbh, muscles aren't fully developed until the age of about 12 years old, and I bet his dad has put him trough some tough shit. Child abuse is the word I thought of when I saw this, and SICK!

WOW, what amazes me the most is the amount of control and balance he draws from his muscles and strength.

it looks pretty grotesque tbh though :/
