It does look pretty cool 
I played guild wars recently and although I didn't think it was as good as WOW I definitely thought it was a good game, especially since you dont have to pay

Yep, played gw too for like 3 years...

I miss the feeling of being a complete noob, when everything is new, like in the first month and I hope deeply, that i can get it again at gw2. (and yes, i know that im a noob at css 

Btw, I believe that the new event system will be way better than dumb questing and grinding

WOW, I ALSO AM WAITING FOR THIS GAME, IT LOOKS EPIC.. I've played guild wars for years and oh my god, I am going to play for like 3 days straight when it comes out.. I haven't found any release dates yet though, only ones that say 2011 😊
but I cannot WAIT

Not sure what class I am going to go for but ill make that decision at the time, I don't even know what race I want :O MAN'O'MAN I CANT WAIT!!!!

} hope there is going to be a pre-order bonus like the /bonus in regular guild wars (I have those 😊

Looks a lot like DDO(Dungeons&Dragons Online) to me. Just enhanced graphics. I think I'll save my bucks for SW:toR instead.

DDO:

DDO is also free to play and been out for a while..

Even if this game prooves itself as bad, it would be worth it for me to play through, cause i have to know how the story will go on.

There is just one right answer. Buy extra slots and play all! 😊
