Guys what do you think about this idea. Maybe admins should add some more maps and races and maybe some gun models make the game to change a bit that would be fun 😊

sub get ur back off it kay? 😊
, anyway ded3 my comp is about 2,5 years old and the only thing i ever changed was a graphics card wich is about a year old now and the game runs fine for me no matter what map im on : /, anyway i think a complete reinstall of windows should fix your problems..
